

National Emergency Number Association
The Voice of 9-1-1

August 15, 2008

Ms. Marlene Dortch
Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: Dockets 94-102, 06-229
Ex parte communication pursuant to Section 1.1206.

Dear Ms. Dortch :

Brian Fontes, CEO of the National Emergency Number Association (“NENA”), accompanied by the undersigned, met Friday, August 15th, with Commissioner Adelstein and Renee Crittendon. We discussed a letter recently submitted by NENA and the Association of Public-Safety Communications Officials International (APCO) indicating our support for a modification of wireless E9-1-1 location accuracy rules to measure location accuracy compliance at a county level, rather than at the public safety answering point (“PSAP”) jurisdictional level.

We also discussed NENA’s comments recently submitted in response to the Commission’s Second Further Notice of Proposed Rulemaking concerning the establishment of a national wireless public safety broadband network. Comments made by NENA staff were consistent with previous filings in the record.

Please direct any questions to the undersigned.

Sincerely,

Patrick Halley
Government Affairs Director
